CHRISTMAS BREAD METHOD:

Place the flour, yeast and **Cape Herb & Spice Garlic and Herb seasoning** in a large bowl and stir to mix. Add the lukewarm water to the dry ingredients and mix to form a dough. Knead the dough for 10 minutes. (If it is very tacky and sticks to your hands, simply dip your hands in flour a few times.) Shape dough into a ball.

Place the dough ball in another large bowl, lightly painted with vegetable oil so the dough does not stick to the sides. Cover with cling film and allow dough to prove for an hour until it has doubled in size.

Knock the dough back and form 15 equal-sized balls. Use the last bit of dough to cut out a star shape and a trunk for your tree. Pack the dough balls in a Christmas tree shape on a baking sheet lined with baking parchment. (**NB:** Do not let the balls touch, leave about 1cm between them. Once they've proved and baked they will touch and form one unit.) Add the star and trunk and you're done. Allow the dough to prove for a further 45-60 minutes, then paint lightly with whisked egg white and scatter over seeds.

Pop the baking sheet into a pre-heated 200 °C oven for about 25 minutes until baked through and golden. This Christmas tree bread is really best made on the day you'll serve it.
